

Duck meal
Feed material

Product

Processed animal protein of category III according to EU Regulations 1069/2009 and 142/2011 for use in pet food.

Particle size 0% > 5mm
Particle size max. 1,5% > 2mm

Analytical constituents

Crude protein	min. 59 %
Moisture	max. 6 %
Crude fat	max. 14 %
Ash	max. 22 %

Microbiological analysis

Salmonella absent in 25g

Additives

Synthetic or natural

Sensory description

Consistency	flour
Color	brown
Smell	typical

Packaging

Big Bag
bulk

Shelf life

12 months after production date

Storage

Storage in dry and cool conditions
